Sept. 10-14, 2018

## Wee Disciples News

In the coming week we will begin a new unit of study about trains. We are going to talk about what trains are, what trains do for us, and start to learn the parts of a train. There will be many trains for the students to experience. We want to create a "box" train for the students to play in. If anyone has any large to medium size boxes they could donate to our train, please let us know.

**May God Bless your week,**

Karen Rohrer, Julie Elsts, and Karen Ross

World in His Hands" & "This is the Day"

**Bible Verse:** "I am with you and will watch over  
you where you go." Genesis 28:15

## Skills Assessment for this week:

Fine Motor Skills: finish checking pencil grasp and writing ability

Pre-Math: Counting skills which include rote counting (counting out loud to see what number the child can count to), counting a group of objects, stating the amount of the group, and one to one correspondence (counting all objects in the group one at a time).
