

# Wee Disciples Preschool Counting Homework

Name: \_\_\_\_\_

Item Name	Tally	Number
ex. Chairs		9
people		
pets		
beds		
clocks		
televisions		
phones		
1.		
2.		
3.		
4.		
5.		
6.		

## Counting Homework Instructions:

1. Look at the list and read the item to your child. Help your child walk around your house counting the item. (There is a space on the counting sheet to make tally marks for each item as you walk around looking for the items. After you have completed the tally, let your child count each mark to come up with a number.)
2. Write the number on the chart above, or if your child is able to write numbers, allow them to copy/write the number.
3. When you are finished with the items listed, feel free to choose something else to count at your house(or let your child choose).
