

Parenting Workshop

No More Angry Kids

Kids' big emotions can be scary—especially when they are screaming, hitting, throwing things, etc. Big emotions don't necessarily mean big problems... not yet at least. In this workshop, you will...

- **uncover the possible causes of anger in your child.**
- **learn practical tips to manage your child's anger.**
- **walk away with powerful tools to help prevent their angry outbursts.**
- **truly understand and connect with your child in a new way.**

Presented by

Christine Leeb

Child Development Specialist

Creator of the

Date & Time

**Tuesday,
October 24
6:30pm - 8pm**
